U.S. EXPORT SALES

- Outstanding Export Sales
(Unshipped Balances)
On JANUARY 9, 1977
- Export shipments in
Current Marketing Year
- Daily Sales reported
JANUARY 10 - 16, 1977
-- As Reported by Exporters

Outstanding export sales as reported by private exporters and compiled with other data in this release give a snapshot view of the current contracting scene. At any given time in the course of a marketing year outstanding sales do not bear a consistent relationship to eventual export shipments. A meaningful export projection is not obtainable by the simple device of adding outstanding sales to exports to date. The latter data, alone, may provide a more reliable measure of current export activity than may be derived from a year-to-year comparison of outstanding sales.

EXPORT SALES REPORT

Comments on release of January 21, 1977 (based on reports from exporters for the week ending January 9, unless otherwise noted):

Wheat: New sales of (97,900 metric tons (MT)) were the slowest so far this marketing year (MY). This resulted from increased worldwide availability and aggressive pricing policies of other exporting countries. The only notable activity was an increase of 19,900 MT of Hard Red Winter to Zaire and a 23,300 MT reduction in Soft Red Winter to unknown destinations, which was switched to Egypt and shipped. Sales reported under the daily system for this MY included Iran's purchase of 108,853 MT White and a 106,680 MT sale of Hard Red Winter to unknown destinations.

Corn: Sales activity (618,300 MT) continued modest, with Japan and several European countries the only significant buyers. Sales to unknown destinations increased by a net 119,000 MT even though switches from unknown to West Germany, East Germany, Poland, and numerous other countries totaled nearly 99,800 MT. Sales for shipment in 1977/78 increased by 45,700 MT to the Netherlands. Exports of 649,400 MT continued moderate.

Barley: Sales activity continued slow. Total sales to France and Italy rose by around 20,000 MT each, as sales to unknown destinations were switched. Reported sales to unknown destinations accounted for the bulk of the new sales. The export pace continued to improve, totaling the heaviest since the first week of December.

Grain Sorghum: Japan and Israel were the major customers as sales activity continued modest. Sales to unknown destinations were significant, netting out at 57,500 MT. There were also some small sales cancellations. Although up slightly for the preceding week, exports also continued modest.

Rice: Absence of new PL-480 business and a slack commercial export market resulted in limited weekly sales activity. Canada and the Netherlands were the major customers, with both countries taking mostly brown rice. Exports were off sharply, approaching the slowest week of the MY.

Soybeans: Total sales increased by 310,600 MT with the EC increasing by 172,500 MT. Canada, Spain, Japan and Switzerland also increased purchases. Optional origin sales to the USSR of 27,700 MT were declared U.S. origin. Exports (305,400 MT) increased over the previous week with the EC accounting for nearly two-thirds of the total.

Soybean Cake and Meal: Sales activity was slow. An initial sale to Yugoslavia was made and exported during the week. Weekly exports of 37,200 MT were the smallest this MY.

Cotton: Sales activity slowed. Many buyers stood aside as the price continued to decline. The only significant sales were to Korea and Bangladesh. Exports continued at a good rate.

Oats and Soybean Oil: Showed no significant activity.

SUMMARY OF CURRENT WEEK'S TRANSACTIONS
For Week Ending January 9, 1977
